**BLUE KNIGHTS PLEDGE:** As a Blue Knight, I pledge to act with honor and pride to promote motorcycling and motorcycle safety by being an example of the safe use, operation and enjoyment of motorcycles. I will work at all times to improve the relationship between the motorcycling law enforcement community and the general public. The fraternal spirit will always guide me in relating to other Blue Knights.

**The Chairman's Chair: Keith Bowers, PA XIV**

I represented our conference on the International Board of Directors conference call meeting, held at 2 pm on Tuesday, November 20<sup>th</sup>. International Vice President Karen Borza provided the latest membership numbers: 17,736 members in 630 chapters, an increase of 138 members over 2017; 630 chapters, a decrease of 2 chapters from 2017. The TSC was reported at 2485 members in 62 chapters.

International President DJ Alvarez reported that the next court appearance for Bessie Small is December 4, 2018.

Jana Clark, office manager, advised that the chapter renewal worksheet needs to be submitted along with chapter renewals.

Proposal 2018-0025, to remove any chapter in the PA counties of Erie, Crawford, Mercer and Venango (there being only one, PA XVIII) from the Tri-State Conference and place them in the Great Lakes Regional Conference, was discussed and approved by a vote of 10 to 4, with one abstention and one conference absent.

International Treasurer John Bull reviewed line-by-line his FY 2019 Proposed BKI Budget, which included "approved" and "actual" budget numbers from 2016, 2017 and up to October 1 of 2018 for comparison. This document had been distributed with the agenda a month before the meeting. Treasurer Bull was able to update his estimate for membership dues, based on the membership numbers provided by VP Borza. He kept a running tally of the changes, resulting in an approved budget \$386 in the black.

Bob Awtrey, SRC International Rep and chair of the election committee, provided information regarding complete outsourcing of the 2019 International BOD elections. This is a synopsis of the meeting, which lasted about 3 hours and 40 minutes. I hope you will take the time to read the complete meeting minutes when they are made available on the International website.

We have one chapter that expressed an interest in hosting the fall 2019 TSC convention. They will consider it at their meeting in early December and let the TSC board know of their decision.

Wishing all a Merry Christmas!

Ride with Pride

Keith Bowers

### The Vice Chairman's Chair: Dominic Squillace, PA X

Hopefully by now all Chapters should have received their renewal rosters in the mail. Each President needs to make sure they have the correct name, address, phone number and e-mail address for each member. The renewal document will then be e-mailed back to International through their corporate e-mail account.

Instructions will be included in your renewal packet. You cannot send your renewal document back to International by mail. Payment for membership renewal can be done electronically by credit card or a check can be mailed to International. The International web link is:

<https://www.blueknights.org/mo/webmail.html> and it will take the Chapter Presidents to the International website and instruct them on how to set up their corporate e-mail account.

This information will be loaded to a data base for the mailing of membership cards and the 2019 International Election Ballots. By the Presidents verifying each members information, it eliminates any possibility of any typographical errors that could be made by International.

I am always available by e-mail ( [BKBIGTIME1@comcast.net](mailto:BKBIGTIME1@comcast.net) ) or by phone at ( 610-888-7877 ) if anyone has any questions, comment or concerns. I am always open for any suggestions or ideas on recruitment. If anyone is having any problems get them to our Board so we can address them and work them out.

At this time I would like to wish all our members and their families a Very Merry Christmas and a Happy Healthy and Safe New Year.

DOMINIC SQUILLACE  
TRI-STATE CONFERENCE VICE-CHAIRMAN  
610-888-7877

### TSC Updates: Secretary Myron Joseph, NY IX

I first most apologize to everyone for the lateness of this newsletter. I was injured at work Dec 03, 2018 and recently returned to work, but light duty. I had begun the newsletter and didn't have what I needed to complete it, while at home. I was rear ended and at first the doctors, thought my C5 had been fractured but thank god it wasn't. A lot of scary things had been said to me while I was laid up in the hospital.

They were saying, a Halo Traction from a month or two. But enough about me.

November was a busy month both on duty and off, with many motorcycle events. The NYC Veterans Day parade and two Thanksgiving parades. My department was a recipient of the Automobile Club of New York (AAA) 2018 Community Traffic Safety Gold Award for our Traffic safety programs and enforcement efforts. Pictures at the end of the newsletter.

My Angel made the JV Girls Basketball team and they are off to a good start with a 2-1 record so far. At this junction they are off to a better season than last year's team, which only won, one game.

Wishing All a Merry, Merry Christmas and a Very Healthy and Prosperous New Year.

## TRI-State Conference News:

Presidents please, you must properly vet all new incoming members, to make sure they qualify for membership under the current international by-laws for membership.

In last month's newsletter I reported that there were no bids from any chapter to host the 2019 Fall Tri-State Convention (Oct 4-7, 2019). Well WE are happy to announce that NY 4 has once again stepped up to the plate and volunteered to host the 2019 Fall Tri-State Convention. As soon as I receive the information for the event, I will forward to you all. We can't thank Don Cambisi and his chapter enough for once again, for being our hosts.

Dominic (Hightower) is spearheading the ordering of the Tri-State Blue Knight knife's and Golf Shirts, and asks anyone who is interested, to please contact him directly.

If you want a coin(s) please contact me directly. They are \$10.00 apiece and \$2.00 for shipping and handling. If you order a large quantity, I will provide you with the shipping and handling costs after I get it from the Post Office. I have enclosed a copy of the artwork on the coin for your review.

2019 Int'l Convention (August 04 - 09, 2019) in Rye Brook, New York hosted by NY II.

Please remember December 31, 2018 is the last day for all those that register for the 2019 conference to be entered in a drawing for one of the three full conference registrations.

The website is up for both hotel reservations and convention registrations. The host chapter (NY II) kindly requests that you both book and register as early as you can, as there are financial obligations that have to be met. Like other Chapters that have hosted conventions, these venues want the money upfront. **Please log on to the International Website and navigate to the 2019 convention.**

Greetings and Salutations Tri-State Blue Knights,

Greetings and Salutations Tri-State Blue Knights,

Jeanne and I are recently home from a wonderful Tri-State Conference held in Grantsville Pa., and hosted by PA V. It was great to see all our Blue Knight friends again, and of course to make some new friends as well. Tom Taylor and his minions did a fabulous job of entertaining us. They have mastered the science of hosting a conference or convention. The hotel was a super venue, very good staff and chef. The food for the dinners was far beyond what you would expect from a hotel kitchen. The chef even brought over trays of eclairs and peanut butter cups to spice up the hospitality room on Saturday night.

This message I'm writing now was not the original one I started to write. As I was writing this month's message A 100-year-old tree fell during a rain storm and struck the back of my house. Computers gave way to chain saws and tarps, and a huge headache that I didn't need. The root ball weighed over 1,100 pounds. By the time the temporary repairs were made, it was time to leave for Tri-State. I thought I'd pick up where I had left off upon my return, But God had other plans. On Friday night I was reading some scripture from the Gideon Bible in my hotel drawer, (see, they are not just for show), and I found myself reading 2 Timothy. For those of you who aren't Bible scholars, it is one of the Epistles of St. Paul, located near the end of the New Testament. It is a short book, but it contains

some very powerful teachings. St. Paul wrote this epistle near the end of his life. 2 Tim 4:6-7, "For I am being poured out like a drink offering, and the time for my departure is near. I have fought the good fight, I have finished the race, and I have kept the faith". St. Paul knew he would not be around for much longer to lead and teach the Church, so he sent letters to many congregations and individuals instructing them what to do, and warned them of the dangers they would face. This letter was written over 2,000 years ago, but what struck me was that it could have been written last week. It is almost as if St. Paul was looking into the future and saw The United States of America in 2018. He instructed Timothy to "Preach the word, be prepared in season and out of season; correct, rebuke and encourage, - with great patience and careful instruction." Sound advice that still serves us well today. Then he continues with a forbidding warning in verses 3-5, "For the time will come when people will not put up with the sound of doctrine. Instead, to suit their own desires, they will gather around them a great number of teachers to say what their itching ears want to hear. They will turn their ears away from the truth and turn aside to myths. But you, keep your head in all situations, endure hardship, do the work of an evangelist, and discharge all the duties of your ministry."

As I try and make some sort of sense of what is happening in our country, I've come to one conclusion: America has overdosed on crazy pills. In St. Paul's time there were only two types of people, believers and non-believers. His task was simple and straight forward: Teach and instruct the believers. Give them encouragement and build them up and warn them of evils they would encounter. For the non-believers he sought to preach the word to them, and instruct them in the teachings of Christ. His hope was to convert the non-believers through peaceful logic and inspiration. In St. Paul's time his audience was easy to identify. Take a look around you today. Who are the major players? First of all we have the obvious culprits the Democrats and the Republicans, along with numerous secondary political entities. Then we have almost too many special interest groups to list. Some contributing offenders are the Liberal Left and the Ultra-right-wing conservatives. Then we have the Democratic Socialists of America, the vast horde of illegal aliens, the #me too movement, the anti-abortion coalition, the right to choose movement, the White Supremacists, the survivalists, the LBGT community, and our favorite, the mask wearing Antifas'. The only time I can remember a mask being worn for good was when the Lone Ranger and Tonto showed up. I'm sure I have left out a few, but you get the picture. America is fast becoming an un-civil nation. Thoughtful discourse and spirited debate is no longer the method of choice to espouse our beliefs and thoughts. In today's America violence is the go to method to make a point. Too often I've witnessed people with bull horns less than a foot from an opponent's face shouting their rhetoric to make their position understood. The only thing I understand when I witness behavior like that is the person is an idiot, therefore their position must also be idiotic. Peaceful assembly, a Constitutional right granted to all citizens is now confused with violent mob protests, often resulting in serious bodily injury and vast amounts of property damage. Folks, the end does not justify the means! In this world, no one is right all of the time, not even my lovely wife.

It has been suggested by some political scientists that America is headed towards another Civil War. While that idea may seem far-fetched to many of us, there is more than just a slight possibility that could actually happen. What are we to do to prevent our country from becoming a movie set for the next apocalypse Sci-Fi movie? St Paul has already told us what to do. In Verse 2 he instructs us to "Preach the Word, be prepared in season and out of season; correct, rebuke, and encourage-with great patience and careful instruction." In verse 5 he also tells us "But you, keep your head in all situations, endure hardship, do the work of an evangelist, and discharge all the duties of your ministry".

At the Tri-State conference I saw many Blue Knights wearing t-shirts that said "Blessed are the Peacemakers" with the image of an American flag with the thin blue line in it. Law Enforcement is the first and last line of defense to restore sanity to our great country. Each of you, active or retired is a special type of person who has the ability and common sense to separate the wheat from the chafe, and recognize the truth from the B.S. You are willing, if necessary, to make the ultimate sacrifice in order to

protect the values we live by, Law and Order. Follow St. Paul's instructions and let The Lord guide you. He never steers you in the wrong direction. You are a Peacemaker, you are blessed, and our country is blessed to have you. As SGT. Phil Esterhaus used to say on Hill Street Blues, "Be safe out there".

Who you are never changes. What you do and who you become changes each day.

Yours faithfully in Christ;

Chaplain Odie

## **5 Tips for Riding Your Motorcycle in the Cold**

Even though winter is here, that doesn't mean you can't get out for a nice ride on your motorcycle. But staying warm when the weather gets cold can be a challenge for motorcyclists and roads that look safe can sometimes surprise you in the shadows. As is true for most motorcycle rides, being prepared makes all of the difference.

### **1) Packing Your Bike**

I am always prepared for a ride. One saddlebag has all my wet-weather riding gear (and tools), and the other has my cold-weather riding gear (and more tools). One item I would not be without regardless of whether I'm dealing with wetness or cold is what some people call "elephant ears." These are leather or vinyl protectors that snap on my engine guards. They cut down on wetness and air that scoops up from the front of the bike and help keep my feet warm and dry.

### **2) Preparing for the Cold**

Knowing more about wind chill will help you prepare for what to wear, and it's not just about the speed of the current wind conditions. For instance, when you're traveling 40 mph, 70 degrees feels like 68.

But at the same speed, 40 degrees feels like 27. Sun also makes a big difference—did you know that sunshine makes a difference of 15 degrees in perceived warmth?

### **3) Building Warmth in Layers**

As your body temperature decreases, so does your ability to think and act quickly. A preoccupation with being uncomfortable can slow your reaction time. Layering your clothing is an essential skill for keeping warm and avoiding those risks. There are many places to get gear designed to build layers. Layering without becoming too bulky to move efficiently is something all motorcyclists strive to master. You need three layers—a wicking layer, a warm layer and a wind-breaking layer. Typically, your leather jacket can act as two of these layers (warmth and wind breaking). The shirt underneath should be specially designed to wick perspiration, so you don't end up with a damp shirt that sucks away warmth. Long sleeves will help keep wind from blowing up them, and your gauntlet gloves will aid with that as well. While my leather jacket provides a degree of wind-breaking capacity, when it is particularly chilly my rain jacket adds a layer and helps block the wind. I can add the rain pants with boot protectors if desired. In the saddlebag with warm clothes are my Thinsulate gauntlet leather gloves, chaps, neck warmer, balaclava, heated vest and hooded sweatshirt.

#### 4) Heating Your Extremities

Personally, I would not be without my heated handle grips. Even with gloves on, they help keep my hands warm. If I keep my hands and the core of my body warm, I'm 75 percent comfortable. You can lose a great deal of body heat from your head and neck area, so a neck warmer and a helmet will help to keep that heat in. Wool socks and a good pair of riding boots will keep your feet warm and dry.

#### 5) Watching for Slippery Pavement

You need to be extra cautious about riding on pavement that has frost or ice on it. There is no safe way to ride on two wheels when the pavement is icy. Even if the sun is out and the pavement appears dry, you will need to consider shaded areas as potentially dangerous. Coming into a curve and hitting a shaded area with ice can happen without warning, and even the most skilled rider could end up face down on the pavement.

Wet pavement can be slippery, but frost and ice are even more slippery! Ride safe and keep the rubber side down.
