BLUE KIGHTS PLEDGE: As a Blue Knight, I pledge to act with honor and pride to promote motorcycling and motorcycle safety by being an example of the safe use, operation and enjoyment of motorcycles. I will work at all times to improve the relationship between the motorcycling law enforcement community and the general public. The fraternal spirit will always guide me in relating to other Blue Knights.

The Chairman's Chair: Myron Joseph, NY IX

Greetings and salutations my fellow BK sisters and brothers. I hope everyone is doing well and staying safe. Winter is here and we have begun to feel the frigid weather this weekend with the temperatures dipping into the single digits. Do NOT love this weather. We recently lost another outstanding member to Heaven 1. Guy Cook (NY XVIII) a TSC past Chairman and beloved husband of Liz Cook, past TSC Treasurer. Guy will be missed but not forgotten. Our condolences to Liz and her family.

Our first mission was to reignite communications within the conference so we started with the November TSC newsletter. Hopefully you enjoyed the contents and enjoyed the submissions. The newsletter is yours, so remember to send your articles to your TSC Secretary, Joe De Felice, by the 25th of the month. Whether it's one sentence or a dissertation, we want it. We the board had our first Zoom meeting and will meet again in January. Therefore, if you have anything you need us to know, don't hesitate to contact any member of the board. Our three NY State representatives, Keith Lipsey NY XVIII, Steve Nieves NY VI, and Vinny Calderon NY X have been out there already representing and assisting us.

Further, as you are aware, we have created several committees to assist us in our mission to bring our conference into the 22nd century, they are as follows:

We are still looking for members for the Innovation Steering committee to help with retention and recruitment which will be chaired by Jay (Jay Maz) Mazeski. We are looking for members who are between the ages of 25 – 35yrs to sit on this committee.

Let's not forget the Sunshine committee chaired by Cal Ennals to help keep up to date information of the health and welfare of all Tri-State members, and their families. So please contact him or any member of the board with any pertinent information; and

I'm still looking for two members to sit on the By -Laws committee, it's time to review and update them. Any member interested on being on the committee please contact me.

I have the raffle tickets, if you have not received a call yet for a conference representative please reach out to your respective rep and let them know how many books your chapter desires. If every chapter purchased 2 books of 5 tickets @ \$20.00 each, our goal will be achieved.

Please remember we have a website and FB page for all to view and add information at any time. Don Parker (dapnyiv@yahoo.com) is our website administrator and Teresa Hartey our administrator and every member of the board a moderator of the FB page.

I have attended several events as Chairman, some happy, some sad, but most importantly we the board are showing our smiling faces, wearing our colors proudly and love being part of this great club.

My Angel finished her first semester at Fairfield University. She has joined the club volleyball team and had an exciting season. Most importantly, she is acclimating well and enjoying her college experience.

Donna and I would like to wish everyone a Merry Christmas, Happy Hanukkah, Happy Kwanzaa and a Blessed Happy Healthy Prosperous New Year.

The Vice Chairman's Chair: Cal Ennals, NJ V

Well, here we are a week from Christmas and if you're like me, we're all busy putting on the final touches for the Christmas holidays to spend with our families. Myself, I'm in between an upper respiratory infection and a head cold. Right when I think I'm back to my old self, whatever this is throws me a curve ball and says, no not yet... Well, I'm not going to let it deter my joy in this holiday season. ... Since becoming your newly elected TSC Vice Chairman, things has begun to fall into place beginning with the Sunshine project. Get well and sympathy cards have been created and already mailed out to 7 different members. If you have a member who needs a pick me up (*a card to let them know they are in our thoughts and prayers*) or a member who has lost a loved one, let me know. This is the reason why we began this project. Members need to know that they are not only a number on their chapter's roster but a member of a fraternal organization. ... It's that time of the year here in the Northeast that our bikes are tucked away for the exception of those few days that we can get out and ride. It's that time when we spend a few hours in a month cleaning, waxing and adding on those Christmas gadgets we received. I know the "Mark of Excellence" is waiting on a good cleaning and a new front tire before the riding season. She'll be carrying me to Florida, out to Las Vegas then up the coast of California into the State of Washington and then begin my trek home stopping off in Colorado to visit my son, granddaughter and great granddaughter before returning home. There's also plans to ride out to the Ozarks in Arkansas and out to Coralville, IA. ... I've told you during my campaign for this position that there will be no secrets with me unless I have no other choice. My trip out west will be in direct conflict with our spring president's meeting in May. I don't know where I'll be, but it won't be anywhere around the east coast at that time. I should be on my way back home. A full report will be prepared and given to the TSC Board to be read to the membership. My apologies now, but this trip was in the planning stages prior to my decision to run for Vice Chairman. ... Many of you will be having your chapter Christmas parties and getting in on some New Year rides. Whatever you're doing, post pictures of your outings on the FaceBook TSC page or you're chapter's page. Lets show the Blue Knights organization that even though we're into the winter months, the Tri-State Conference is still getting out enjoying the Brotherhood. ... Lastly, I would like to thank BOG Chairman / PA X Dominick Squillace and his lovely wife Ruthann, Tri-State Conference Treasurer / NJ XI Gus Faella and his lovely wife Deborah along with NJ XI Fank Fallaw and his lovely wife Lorraine for attending and celebrating with us at NJ Chapter V Christmas dinner at the Tuckahoe Inn. ... Have a great winter!!!

***** Merry Christmas Everyone *****

**Have a Happy, Safe and Prosperous New Year
In 2023**

Tri-State Secretary: Joseph De Felice, NY I

Greetings,

I hope everyone had a fantastic Holiday season.

I would like to thank the TSC Board members and all the members of this great organization for all the kind words and condolences. This is a very hard time in my life and you my Brother's and Sister's make it much easier.

Now that the New Year is upon us and all the Chapter Board elections are done. Please send me your new Chapter contacts so everything will be updated and no chapter will be missing out. I have attached a copy of the 2023 Chapter

contact sheet at the bottom of this newsletter.

Again, this will be a monthly newsletter and I should have it to you by the first of every month. With that being said, the deadline to have anything put into the newsletter is the 25th of the month. So please email me at bktsccsec@gmail.com any information your chapter would like in the monthly newsletter by that date.

Ride With Pride

Tri-State Treasurer: Gus Faella, NJ XI

Tri-State New York State Rep. Keith Lipsey, NY XVIII

Dear Blue Knights of New York,

Greetings Blue Knight New York Chapters. Well, Thanksgiving has come and gone with my digestion system overworked at this point. How many of you love the left overs even more than the first meal ?

Praying this article meets you at a time of celebration. Hanukkah starts on the 18th and goes to the 26th. Christmas Eve on the 24th to Christmas the 25th and Kwanzaa starts on the 26th and goes to January 1st. Whatever your celebration, I am wishing you and your family a healthy family fun time.

I have been attending a few Christmas parties as well as parades and rides, as the weather permits.

Sometimes, the news is sad. I want to offer Joe DeFelice, our TSC Secretary and a member of NY 1, condolences and sympathies, as he recently lost his Dad. May the good Lord comfort you and your family in this time of mourning and strength to carry on.

Please check the Ride Calendar coming up in the TSC Newsletter and try to attend all that are possible. Networking is a great way to tighten up our Blue Knights and of course, post pictures and use social media if you are so inclined to.

I like to congratulate 2 newest New York State Reps to our TSC, Steve Nieves of NY 6 and Vincent Calderone of NY 10. Both are presidents of their respective chapters. This will provide more representation to those chapters in their regions. Their contact information is on the front page of the TSC Newsletter. I'm sure you will be seeing these Reps around.

A submission from NY XXI President Nick Tritto:

Greetings to all.

I would like to thank all who donated to the 2022 Blythedale Children's Hospital Fundraiser. I also like to thank Keith McManus & Pastor Andrew Columbia for cochairing our Chapter's participation with the 9th Judicial District Court Officer's Association in this matter. As a result, a combined total of \$2750.00, which included \$800.00 from our Chapter members, was presented to the hospital.

It is my honor to serve as the president of a chapter which assists those in time of need.

Best wishes for a happy and healthy holiday season to you and your family.

Nick Tritto NY XXI President

Remember the Big Buck Raffle that our Chairman, Myron Joseph is organizing for 3 winners: 1st prize \$3000.00, 2nd prize \$2000.00 and 3rd prize \$1000.00. The winners will be drawn at the Presidents Meeting on May 6th. Each chance is \$20 and there are 5 in each book. If each chapter buys 2 books to sell to their members, then all the tickets will be sold. Don't miss out. I will be calling you in January for your order. Thank you.

Let's stay connected throughout the off season with get togethers, events etc.

Wishing you all safe and exciting Holidays with lots of family and friends.

Until we meet again, ride with pride.

Ride With Pride,

Keith Lipsey

Tri-State New York State Rep: Metro Area, Vincent Calderon, NY X

I want to thank the Tri-State Board for appointing me as one of the additional New York State Reps. I'm looking forward to working with the Executive Board and the other State Reps to enhance the communication from our Tri-State Members to our Board. I will be attending Monthly meetings in my area and look forward to seeing everyone. I want to thank NY7 for their hospitality at their December meeting...

Happy Holidays & Merry Christmas to all our Blue Knight families...

Tri-State New York State Rep: North East Steve Nieves, NY VI

Greetings to all New York Blue Knight Brothers and Sisters,
By the time you receive this message Holiday plans and festivities should be in full swing. To all who are fortunate enough to be off and with loved one's I raise a glass to toast to your health and happiness during this Holiday Season. To those who must work I wish you a safe tour that you get home safely to your loved one's. A Merry Christmas to all and a Happy New Year!

RWP

Tri-State New Jersey State Rep: Russell Davis, NJ XI

NJ is busy with Christmas parties and events all over the state. Stay safe everyone and be careful out there on the roads.

Tri-State Pennsylvania State Rep: Pamela McClaren, PA XIII

Tri-State Chaplain Jim "Odie" Odenheimer, PA VII

Greetings and Salutations Tri-State Blue Knights,

I hope this message finds you basking in the warm afterglow of the Christmas miracle and eagerly anticipating the exciting possibilities 2023 has to offer you. This is the time of the year that many of us reflect on our accomplishments (or the lack thereof), over the last 12 months and resolve to do better in the coming New Year, hence the term "New Year's resolutions" is born. A new year fills us with anticipation of new opportunities. We kid ourselves by saying "This year I will get it right, do better, succeed where I have failed in the past". It has been said the road to hell is paved with good intentions, (New Year's resolutions), and many of us have one foot in the little red wagon already, with our friends ready to give us a hard push down that road to disaster. We have all been there. For many of us, our New Year's resolutions die in the planning stages, and those that don't rarely make it to the end of January before failing miserably again. It's Groundhog Day all over again. Why? St Paul gives us the answer in Romans 7:8 "I have the desire to do good but I cannot carry it out". As mere mortals the rigors of the world constantly beat us down and sap our strength preventing us from achieving our full potential. To succeed we need a champion in our corner, someone to support us, encourage us, cover our 6, support us when we stumble, and pick us up when we fall. We are blessed. We have Jesus. Matthew 19: 16-26 "With men it is impossible, but not with God: for with God all things are possible".

While The Bible makes many references to the need to improve our lives, and often gives us specific methods to do so, there is no mention of any such concept as a New Year's resolution in the scriptures. The practice of making New Year's resolutions dates back over 3,000 years to the ancient Babylonians. There is just something about the start of a new year that gives us a sense of a fresh start and a new beginning. There is no difference between December 31st and January 1st. Nothing Mystical happens at the stroke of midnight on December 31st. With that in mind, should we as Christians even bother with making New Year's resolutions? My answer is a resounding YES! There is no down side to improving yourself and the positivity that will radiate from the efforts you put forward to succeed. The "ripple effect" can and often does extend far beyond what we can see or understand.

The problem with the high failure rate of our New Year's resolutions is that they are not realistic, and not "God focused". We tend to make resolutions based upon physical concepts. Some of the most common resolutions are to stop smoking, work harder, be more successful, save more money, spend more quality time with our families, and the most common is to lose more weight in conjunction with exercising more and eating healthy. All worthwhile goals to be sure, but all more likely to fail than not. All of these resolutions are focused on ourselves, not on God. I Timothy 4:8 instructs us to keep exercise in perspective; "For physical training is of some value, but Godliness has value for all things, holding promise for both the present life, and the life to come". Phillipians 4:13 tells us, "I can do all things through Him who gives me strength". John 15:5 declares "I am the vine, you are the branches. If a man remains in Me And I in him, he will bear much fruit. apart from me, you can do nothing". If God is the center of your New Year's resolution, it has a reasonable chance of succeeding depending on your commitment to it. If it is God's will, for something to be fulfilled He will enable you to accomplish it. If a resolution is not God-honoring and not in accord with God's word, we will not receive God's blessing in our endeavor.

By the time you read this message, many of your lofty resolutions may have already fallen by the wayside. If that becomes your situation, don't despair. It is never too late **to make a new resolution, and with God's help** have it succeed where your previous efforts had failed. The first step to success begins with prayer. James 1:5 tells us "if anyone of you lacks wisdom, he should ask God who gives generously to all without finding fault, and it will be given to him". Ask God what resolutions He would have us make. The next step is to pray for wisdom as to how to fulfill the goals God has given you, and finally rely on God's strength to help you accomplish those goals. Do not be discouraged by occasional failures or setbacks, instead allow them to motivate you to achieve greater success. A sword tempered by fire becomes strong and invincible. Do not be proud or vain in your success, but give God the glory. Psalms 37:5-6 says, Commit your way to the Lord, trust Him and He will do this: He will make your righteousness shine like the dawn, the justice of your cause like the noonday sun". It is always the right time to turn to Jesus and ask Him to help you become the person He wants you to be, not the person you want to be. When we rebuild, we renew. With God, all things are possible.

Let the tears you shed in 2022 water the seeds you plant in 2023.

Faithfully yours in Christ,

Chaplain Odie.

How To Keep Your Motorcycle Battery Charged During The Winter

You know that a motorcycle simply cannot function if the battery isn't at a full charge. Batteries are a vital part of how a motorcycle starts, so we need to pay special attention to them so they don't cause us grief down the road.

Winter time and cold temperatures can be especially tricky when it comes to taking care of a motorcycle battery. The extreme temperatures and lack of usage is hard on a battery, so winter maintenance is important.

So, how do you keep a motorcycle battery charged during the winter? To keep a motorcycle battery charged during the winter, you can connect a battery tender to it indefinitely throughout the season, or completely disconnect it and keep it inside a controlled temperature environment and charge it in the spring.

Living in an environment that has harsh winters can be difficult while owning a motorcycle. Living in places with cold winters require the best ways to maintain and prolong a battery's life through such conditions.

It's easy to get stressed about the life of your motorcycle during the cold months of the year. You're not alone in these stresses, but rest assured that if you take a few simple steps, the life of your motorcycle won't suffer much at all.

Motorcycle batteries can be a bit finicky, especially when they're left out in the cold. You may have noticed that the cold weather conditions greatly affect your motorcycle battery in a negative way.

The first step you can try to keep your motorcycle battery charged during the winter is hooking your battery up to a battery tender. **Please note that a battery tender is different from a trickle charger.**

A battery tender is a device you can hook up to your motorcycle battery indefinitely throughout the winter. It has a sensor on it that will notify the system that the battery is starting to lose its charge and will automatically start charging it. Once it senses the battery is up to a full charge, it will automatically stop charging to prevent an overcharge. **You essentially can let it do all the work without a worry.**

Some people worry that the battery tender itself may freeze in the cold temperatures and fail to charge the battery. In most cases, you don't need to worry because battery tenders are plugged in which prevents them from freezing.

The second option you have is using a trickle charger. A trickle charger and a battery tender both charge motorcycle batteries, but a trickle charger is different because it gives a constant charge rather than turning on and off like a battery tender.

If you use a trickle charger, you'll need to supervise the charge to ensure it does not overcharge the battery. It is completely possible to overcharge a battery and is evident if the motorcycle battery itself starts swelling and it becomes hot to the touch.

You can use the trickle charger method occasionally and it will prolong the health of your motorcycle battery just fine. Hook the trickle charger up to the battery every few weeks or every other month and check in on the battery while it's charging so it doesn't get overcharged.

The third option you have to keep your motorcycle battery charged during the winter is simply disconnecting it from the battery and bringing it inside where it remains in controlled temperatures until spring.

If you choose this option, make sure to put it in some sort of container to prevent anything from falling on it or in the case it tips over and leaks. Always keep it away from any source of heat.

While keeping your motorcycle battery inside during the winter, it will still slightly discharge, but not as much as it would remaining outside. You can either continue to occasionally charge it throughout the winter (but make sure you do so outside) or you can simply wait until spring to charge it.

Additional Motorcycle Battery Maintenance During The Winter

Aside from keeping the battery charged, there are several other things you can do to maintain and prolong the life of your motorcycle battery. These are things people often forget to check.

Be sure to occasionally check the battery cables and ensure they are not cracked or have become brittle. The exposed wires underneath can cause a short and drain the battery even quicker. If you plan on keeping your motorcycle battery connected to the motorcycle throughout the winter, **make sure the connectors are always tight so dirt or dust doesn't get in between and lessen the connection.**

Any time you are handling the motorcycle battery, always use insulated tools (tools that have rubber casings around the handles) so you don't end up shorting the terminals.

Keeping you battery charged during the winter will put back on the road when Spring arrives.

CHAPTER UPDATES

NJ 5 NJ Chapter V members enjoyed having their Christmas Dinner at the Tuckahoe Inn. 24 members along with some spouses were in attendance. I would also like to thank BOG Chairman / PA X Dominick Squillace and his lovely wife Ruthann, Tri-State Conference Treasurer / NJ XI Gus Faella and his lovely wife Deborah along with NJ XI Fank Fallaw and his lovely wife Lorraine for attending and celebrating with us. ... Have a great winter!!!

NY 1 New York 1 would like to congratulate our new 2023-2024 Executive Board. President Joseph De Felice, Vice President Mike Monteverde, Secretary Ira Shulman, Treasurer Charles McMenamin, and Director Richard Kane.

Also please make note of our chapter's new contact and address. We look forward on seeing all our fellow Blue Knight's on the upcoming rides.
