RECRUITMENT PAMPHLET

Dear Members of the Tri-State Conference,

In an effort to assist you in your endeavors to recruit new members, the Conference has developed this new pamphlet and made it available for you to download, customize with your chapter information and print as many copies as you need. It is meant to be tri-fold so it is easy to carry and hand out to potential new members.

There are a few simple instructions for you to properly add your chapter information and print the pamphlet.

Since you are reading this, you have step one completed by opening the file. To add your chapter information, simply go to the fillable box under “Your Local Chapter” and type in the information. The more you type, the smaller the print gets so it will fit in the box.

Then save the file to your computer using another name for the file such as Chapter?Pamphlet. You can then delete this page (page 1) if you are confident on how to print properly or save this as a blank copy also for future reference.

Then got to File and select Print.

When your Print Options open, under “Pages to Print” select “All” if you have deleted this page OR if you have not deleted this page, select “Page” then type in “2 – 3” so that your pamphlet will print without this instruction page.

Then click the box “Print on both sides of paper” and then select “Flip on short edge”.

Don’t forget to set how many copies you want to print but it is suggested you do a test run of just one copy first to make sure your settings are correct.

Best of luck and we hope this pamphlet aide you in your recruitment efforts.
